Upper Rack Support Grid 2 X` DIN

4 X Din Baskets (19" x 10" x 2")

Improved Productivity and Efficiency

Premium Performance

- Instruments are completely dried thanks to powerful electric blowers and heaters with a HEPA H14 filter
- Three water connections for flexible operation and for optimal washing needs
- (cold & hot with softeners, demineralized)
- Conductivity measurements to check rinse water quality before disinfection
- Up to 40 washing programs
- AISI 316L Stainless Steel

Intuitive User Experience

- A full control and all-in-one operation from a single touch panel with color display
- Spray Arm monitoring for continuous washing validation
- Graphical report of washing phases including time and temperature
- Multi color chamber LED light (White, Green, Red) operates during loading, unloading and running the program
- Double-layered tempered glass door for visual monitoring

Enhanced Traceability

- Comply with regulation by saving washing cycles data
- USB and RS232 connectivity
- Printer for data documentation (optional)

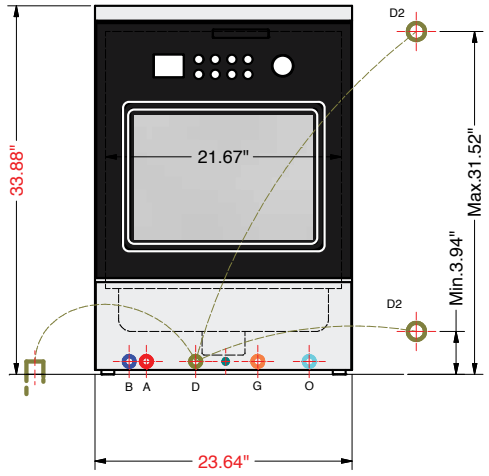

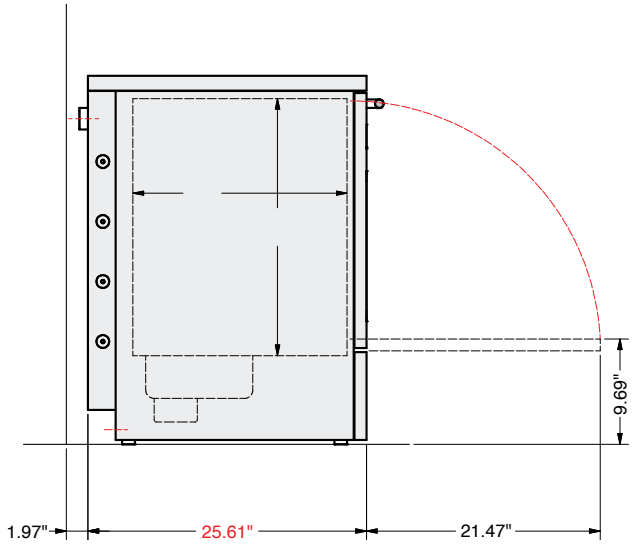

Eco-Friendly

- 2 dosing pumps with flowmeter for precise consumption of acid and alkaline detergents
- Integrated water softener for reducing decontamination
- Built-in steam condenser for excess water and steam

TIVA8-MD Technical Data

23.6 inch narrow design

A Hot water connection-3/4"g (tube 1/2"g)
